BMW RIDERS OF TOLEDO
JULY 29, 1971

This sumptuous summer weather has brought about a variety of interests among the club members. Everyone's been trying out new places and putting every minute of this glorious riding weather to the best possible use.

July 18th a group of us packed up our swim suits and our favorite dish of food and headed up to Clear Lake, Indiana. The water was as clean as the name suggests, and the food plentiful. To those who missed this event, I can only say -- "I'm sorry".

Greg & Toot also found a good vacation spot for those of you who like camping, but are unable to stray too far from the home-front. They spent 5 days at the KOA Kamp Grounds at Summerfield Rd. & Rt. 23. During their stay some of us drove up for a visit. Ron and I were so impressed that we packed all our gear (including the kids) and went up the following week to stay. The grounds include swimming, sand beach, bike trail, game room (with pool table), playground, shower s, laundramat, grocery store, and water & electricity hook-ups. During our week there, Ron continued to ride in to work every morning while the rest of us spent the day sunning & swimming. It's a good way to escape the rat race of the city, Gals!

Last Sunday a few of us took a long ride up thru Irish Hills. If you're looking for a nice scenic ride, take Rt. 50 North to Rt. 12 West. Take your bathing suit in case you'd like to take a dip in one of the many lakes along the way.

Earl, Carol & family camped out July 17th and then attended the Poker Run at Clyde, O. the following day. Ron Swartz also ran the run. July 25th Earl attended the Run in Paulding, O. None were lucky enough to bring home any trophies.

Don & Liz just returned from a 3,000 mile trip out West. They visited such places as Estes State Park and the Coors Brewery in Colorado. They hit quite a bit of rainy cold weather, but fortunately had no bike trouble. On the way home they had the odd coincidence of bumping into Clarence & Jean Mead at the Pioneer Village in Nebraska. The Meads' left last Saturday and are also on their way out West.

We had a couple of small mishaps during the month of July. Walter Friend had a run-in with a truck while accompanying the Smith's on their trip. He's back home in good shape, but it did mess the bike up some (and his doughnuts, too). The meads' also took a spill on some stones on the way to Clear Lake. Except for a couple of skinned knees & a cracked Fearing -- all's well.

NEWS & VIEWS

Dale Foster would like to know if anyone would be interested in having a club corn roast (we've sampled his corn and it's a real treat!). He's open for suggestions as to a time and place, so be thinking about it and let him know at the next meeting.

The Casey's are in the process of moving to a new place at 920 Lallendorf Rd. The house and grounds, which include a picnic area & a small fishing pond are beautiful. As soon as they are settled they would like to have the club out for a picnic. Anyone that's good at wielding a paint brush is more than welcome to come out soon and try their talents.

PLEASE NOTE! NEW ADDITION TO BY-LAWS!
