

BMW RIDERS OF TOLEDO
AUGUST 30, 1972

The past month was a much better one, as for the club getting together.

On August 12th our club picnic was held at Wan Buren State Park. Our guest from Detroit were few, but just the same we were glad to see some of them were able to attend. The food was real good, and plentiful.

Those of us, who spent the night camping following the picnic were able to sample Dale's cooking, as most of you know Dale was elected to prepare breakfast. With a little help from Ron, Jim, and Don, they prepared a fine and fast meal. Nice work fellows.

The following weekend, a few of us attended the Four Winds Rally, sponsored by the Pittsburg BMW club in Carrollton, Ohio.

We were able to meet the newly elected officers of the National club (BMW of America). Those of you that did not attend, our club is well represented in the National as, Don is one of the newly elected directors.

Ron, made the presentation of the plaque our club awarded to Jean Rihl for her fine work in promoting of course BMW motorcycling. Nice job Ron!

None were lucky enough to bring home any trophies, or did we come anywhere near getting the largest club attending trophy but just the same I'm sure anyone who attended enjoyed themselves, and we were able to meet a few new people.

The weekend of August 25th, a few of the fellows, put their machines on display at the German-American Festival. Since they are made in Germany, we decided this would be another good way to advertise our club, and let the public know what good motorcyclist our like. We would like to thank Joe Gates for making it possible for us .

Also, the same weekend Gary and Sharon Vass from Springfield, Missouri, (Gary is another one of the National directors) stopped to visit Don and I, on their way home from Butler and Smith. They spent two days with us, so we were able to take them to the Festival. They were very impressed with our display.

NEWS BULLETIN: The stork delivered (FINALLY) a 7lb 10oz baby girl on Sunday, August 13th to Mr. & Mrs Andy Elder. Her name is Nichole Elder. CONGRATULATIONS Jackie and Andy. Andy was so excited he forgot to call anyone, including the Grandparents, to let them know of the news. We understand Andy!!

Robert Porter, a BMW rider attended last months' meeting is our new prospective member. Welcome Robert, we are glad to have you.

Our next meeting will be MONDAY, September 11th at 8:30P.M., at Travelers M/C Clubhouse. See you then.

Without your support we're not a
thing, Liz Smith Secretary
