

BMW RIDERS OF TOLEDO
JUNE 1974

From the time of our last meeting, and this news letter is a span of about 28 days. Between that time a lot has happened. The club put on there second annual rally. I must say that it came off with great success. I must also say that the gods looked upon us with great joy, because for two years in a row it waited until Sunday to rain, and late on Sunday at that this year. We couldn't ask for more perfect weather.

The president, Don Smith, wishes to thank all the club members personally, for their corperation and doing there fair share of work. Your work has payed off with a great rally. Everything went off very smoothly.

A couple of us open the suggestion box to find out the response of the people whe attended our rally. From what we read the rally was a great success. Our VP will have a detailed report for us on the suggestion slips, at a later date.

From this years experience we had with door prizes I think we should start writing people now to receive a better response for our rally next year.

The next meeting will be held at Mike & Jean Todd's home, 319 Lyme St., Bellevue Ohio. 483-2564. June 11, At 8:00 pm. The members will meet at the Great Eastern shopping center, and will leave at 6:30 pm sharp.

Without your support, were nothing.
Acting secretary,
Robert Kleat
