TOLEDO, OHIO 43606

Hi All,

Warm weather at last, let's hope it lasts. The March meeting of the BMW Riders of Toledo had 16 members present and 4 guests, 3 prospective members. Our thanks to Dale Foster for getting together with Ed Sutton from Champion Spark Plug Co. for a very informative tech session, sorry everyone was not in attendance for this professional help they may need it sometime and they missed out.

Don Smith has sent out over 60 letters to suppliers and manufactures for door prizes and the responses are starting to trickle in, pray for more and contact your favorite businesses for door prizes and rally pack stuffers.

The mileage contest, states visited and events attended contest starts April 1, 1982 give your mileage and information to Norm Radtke the rules are the same as last year for those who don't remember. These contests are open to all club members in good standing and are being conducted on an honor system basis.

Each entrant will keep track of his or her states and events attended or visited. Any club function, AMA event or rally you enter or attend can be counted at the end of the contest each entrant will give to Norm Radtke. Awards will be presented at the Dec. banquet.
