Howdy do !

We're still in business. At least the six members who made the meeting still think so. It was very cold even though Ray had started up the heater two hours before. Even though we didn't have a formal meeting, we had the usual nice BMW motorcyclist's conversations. Dan Braun did call to let me know he and Don Smith couldn't make it and that we had \$314.51 (plus \$700 escrow) in the treasury. Those of us at the meeting decided to keep the organization as is for now, but to concentrate on riding together and getting around to other members homes (and eating their food, Ha!). Since we won't have the pressure of putting on a Rally, we can hopefully concentrate on riding more. I think we should have some evening or day rides to some of the members homes who live away from the Toledo area.

Send your dues \$15 single, \$20 couple to me with the type of motorcycle(s) you own. I will be compiling a new membership roster as the dues come in. Also for those ex-members who want to rejoin, we decided not to charge a new initiation fee if you want to rejoin. Just send in the yearly duse (sp?) amount and you'll be back on the roster, just like the good old days. I will send you a membership card this year. I also want to try to get some discounts from local dealers to our club members and make the card worth having. Other ideas are welcome, just drop me a line with your dues.

G.OSSIP SECTION *

Ray williams bought back the 74 90/6 he traded in last year.

Bettye Mobley is recuperating from a motorcycle crunch. Ray thinks she may have some R100RT parts for sale. Our best wishes are with you Bettye! Check out my sidecar ad below. You could ride that until your off the crutches. Ha!

Dan Adams is planning a run to ALASKA next summer. If I didn't have cats, horses, babies, and a busy summer job, I'd want to go. someday..... Ernie says he's keeping his R80..... this month.

Next meeting tues. Feb. 9th 7:30pm. Sylvania F.O.P. room, upstairs, at 5470 s. Main St. in Sylvania. Keep your eyes open for a new meeting place. We will need one in the future.
